

WALLPANEL CATALOGUE

UNIDESIGN
Luxury Building Materials

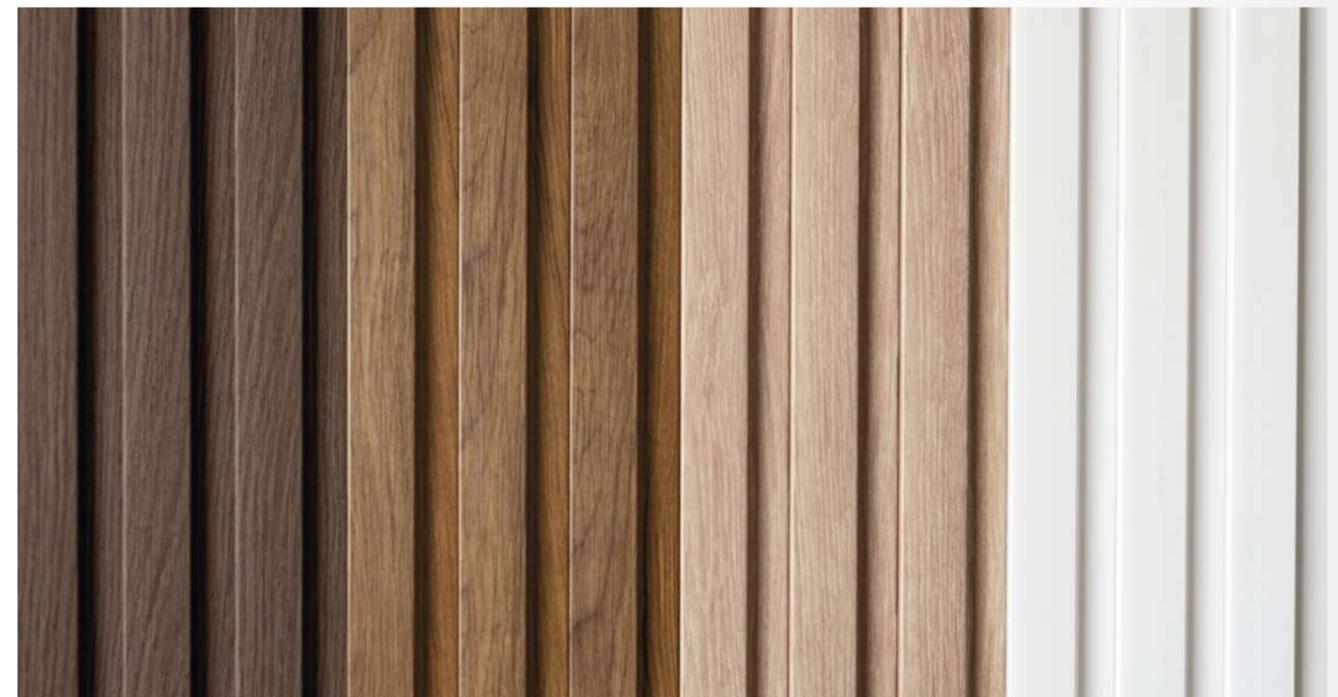

Elegant and convenient

Unidesign wall panels give some edge to any space

The days when the only option to accentuate a wall was to use paint are gone

Our three-dimensional wallpanels provide a modern alternative to traditional wood paneling, bringing warmth and texture to commercial and residential settings.

The forms and finishes within each wallpanel vary, they are smooth or textured, with different colors and sizes, offering freedom of choice and options to suit all color schemes.
